

Letting all the fucking juices hang out

Serendipitously secreting olfactory notional pheromones
Erogenous zones tintillating eruptiously
Xuberance
Understanding the connective webs
Actually enjoy it
Loving the spiritual bliss
In the moment
Teasing increases the primal animalistic instincts (yes, we are animals ☺ }
Yes, time apart can pull us closer together

Insist on giving Ur all
Need to continue sexual education

Gotta love the juices flowing & partaken with deep breaths
Orgasmic Reality
Orgasms can be multiplicitous
Dangerous STIs/STDs need not scare U nor eYe - get tested,
educate Urself, use protective wisdom & common intuitive
sense, love Urself, be honest, share with each other, give &
receive so as to be Selfish for the Good

Touch those toes with soft majestic hands oiled up with the
finest one ingredient, organic, first cold-pressed moisturizing oils
Insist on knowing Urself first & exploratory techniques
Make-Up sex is great!! ☺
Erotically fantasizing creative imaginative responses holding onto
the seen, yet unseen connections

Speak of sexual health {which is only one aspect of a being's overall health]

Intrinsically
Syntactically sublime sensuality

Liquidous
Omnipresence
Virtually
Everywhere

Exhibiting the unquantifiable qualities of fluidous movement within the genome webbing spiders in circular, nonlinear dynamical fluctuations of flux beyond simplified time-space-place continuums
